## RECOGNITION OF AMVETS TO PRESENT CLAIMS

Under authority of Section 200 of Public Law 844 of the 74<sup>th</sup> Congress, the Administrator of Veterans Affairs has accorded recognition to the AMVETS and has authorized the AMVETS to present claims and assist veterans in the prosecution of their claims against the Veterans Administration. Section 301 and Section 302 of Public Law 346 of the 78<sup>th</sup> Congress similarly accords recognition to AMVETS in acting as counsel in the presentation of petitions for review of discharges and for other matters before the Army and Navy Departments.

Section 200 of Public Law 844 of the 74<sup>th</sup> Congress provides that: "No fee or compensation of whatsoever nature shall be charged veterans or dependents for services rendered in connection with any claims in which the AMVETS (or other recognized organizations) hold Power of Attorney."

Only certain qualified persons, recognized by the Administrator of Veterans Affairs, as an AMVET Accredited Representative, National or State Service Officer, are allowed to actually present claims and act in behalf of the claimant in the prosecution of claims.

Before the Veterans Administration will recognize the AMVETS as a representative of any veterans' claim, it is necessary for the claimant to execute a Power of Attorney in favor of the AMVETS on a special VA Form (Appointment of Service Organization as Claimant Representative). This form should be executed by the claimant at the time he requests the Post Service Officer to assist in the prosecution of a claim. Only one organization will be recognized as a claimant's representative at any one time. Execution of the VA Form in favor of another organization cancels all previously appointed representatives.

*Our Service Officers believe in.....*

(216) 791-3800, ext. 6079

## **GENERAL DUTIES OF AMVET POST SERVICE OFFICERS**

1. Assist all veterans and/or dependents in obtaining the rights and benefits to which they are entitled under the law and regulations.
2. Assemble or help veterans and/or their dependents assemble evidence, usually in the form of affidavits, to support the veteran's and/or dependents claim for benefits.
3. Work closely with the AMVETS National and State Service officers.
4. Learn the steps necessary to obtain hospitalization and medical care in an emergency and under normal conditions for veterans in need of such service.
5. Disseminate information concerning veteran's and/or dependents benefits and rights at Post meetings and other AMVET functions.

## COMMUNITY ACTIVITIES

The Post commander occupies a very important position and will need to exercise careful judgment when selecting Chairman and Committee members to develop specific Post Community activities.

A well organized AMVET Post must have active committees appointed by you to develop specific programs to the maximum. Soon after election to office you should determine what committees are necessary to most effectively carry on the Post's activities. Appoint a chairman to head up these committees. Assist the chairman in selecting other members to serve with him. Careful attention should be given to the selection of committee chairmen and to fitting the right person to the right job.

Every willing member in the Post should be offered an opportunity to serve on a committee. A good plan is to mail each member a letter outlining the various committees to be appointed and inviting them to express a preference as to the committee on which they would like to serve. You will be surprised to find that you are hearing from members who have heretofore been inactive, but who are appreciative of an opportunity to take an active part in your AMVET Post affairs.

Have your committee chairmen give a brief report at each Post meeting so all will know of the progress being made. It is especially important that the chairman of your Post Membership committee report at each meeting and that some time be devoted to membership discussion.
